

Finally Hydro-Massage That's Safe, Dry and Simple by SpaBed!

Relax the Mind, Rejuvenate the Body,
Receive a lifetime of benefits!

The DrySpa® user friendly remote
Control massage center, gives you the
The power to adjust your massage
strength and target the areas of the body
Where you need massage the most...

The neck, shoulders, back, and legs!

Offer your clients one of the most asked-for services in the industry without having to hire and train new personnel. The amazing *DrySpa*® has been engineered to provide a convenient, inexpensive, therapeutic massage in just minutes! *DrySpa* combines heat, flotation, and massage therapies to give your clients, pain relief, stress reduction, and an overall sense of well-being. As streams of heated pressurized water soothe the muscles, a pliant vinyl liner floating on a bed of heated water supports the user...and enables them to remain fully clothed and dry. No expensive training, increased personnel, or additional licensing are required.

Convenient as a source of total massage or as a relaxation tool for Massage Therapist, Your *DrySpa* will give your clients endless hours of rejuvenation... and your business diversity and Increase profits! Do something good for your clients and your business. Make *DrySpa* an integrals part of your client services

The World's Most Convenient Massage!
