the

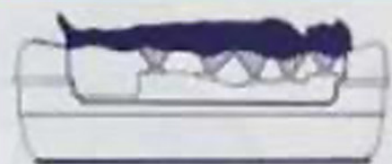

SpaBed I HP™

Offer your clients one of the most asked-for services in the industry without having to hire and train new personnel. The *SpaBed™* has been engineered to provide a convenient, inexpensive, therapeutic massage in just minutes!

The patented combination of massage, heat, and full-body flotation will leave your clients feeling revitalized and rejuvenated. Immediately, your clients will experience the pain relief, relaxation, and overall sense of well-being that a *SpaBed* massage can provide.

Some Conditions Benefited by Regular *SpaBed* Sessions:

- Arthritis
- Low Back Pain
- Stress
- Post Injury Rehabilitation
- Circulatory Problems
- Joint Stiffness
- Fibromyalgia
- Chronic Pain
- Insomnia
- Headaches
- Whiplash
- Rheumatism

All jets in the SpaBed are positioned to provide therapy where it's needed most... the neck, back, shoulders and legs!

SpaBed is the world's most convenient massage! Without disrobing or getting wet, clients can lay upon the *Spa Bed's* soft, supple liner while jets of air and warm water provide effective hydrotherapy.

Since the *SpaBed* is completely self-contained, no additional plumbing is needed. Overhead costs are minimal-no additional

personnel, licensing or certification is required and operating costs are only pennies per session.

Ideal as a source for total massage, or as a therapy tool for massage therapists, *SpaBed* will give your clients relaxation and rejuvenation, while providing your business with a diversity of services and increased profits!

Do something good for your clients and your business... Make the *SpaBed* an integral part of your client services!
